CAREER

I did some work with friends and professionals.

I had some experience with the fashion industry, I used to catwalk for the fashion show of my school for 2 years. And I did many shootings/ videos for them when I was in France. I was in a Mother Agency "Modern Paris", but it was at the time of Covid so I didn't have the opportunity to enter an agency. And I was in an agency "Hourra" when I was younger in the south of France (MARSEILLE).

Did some shootings for brands for the jewelry campaign like Hanoi Paris.
