CAREER

I worked in movie production in the U.S.A on numerous productions including "Fast and Furious Tokyo Drift" as well as driver assistant to Stephen Hopkins, the original director of the series "24". Then I worked as a background actor on numerous TV shows and movies. I took a long break and worked in education for 13 years. 3 years ago I was cast in the movies: Frontline and Trillion Game. I also was featured in a few Saigen Dramas for Japanese television. I was also a member of the Tent in season 1 of Vivant.
