CAREER

While in America as a model and waitress, I sponsored my old restaurant on live TV- Fox4 News, Live in Detroit- in a 2 minute talk show to promote my restaurant.

Since moving to Japan, I have done some work for jewelry promotions, and fashion brands such as Verda London, specifically for their websites and social media appearances and marketing.

I've also recorded a few ESL CDs for language learning while I was a teacher- mainly voice acting dialogue narrations.
